

The Homestead Exemption program provides tax relief to seniors and disabled persons. The current statute exempts \$25,000 of property from real estate tax. Each year the sign-up period is from January 1st through March 31st.

If you missed the 2007 sign-up period you can still apply in 2008 for 2007. You will have already received your tax bill, so we will apply the entire credit to your second-half bill. Applications will be available in January.
